PROFILE

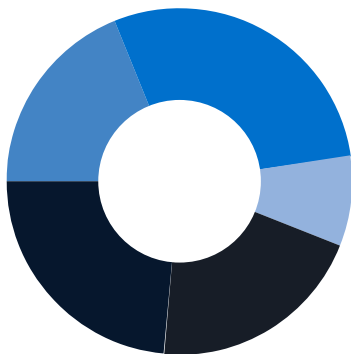

ABOUT US

GEMINI IT SOLUTIONS (PTY) LTD

Established in 2017, we were born out of a necessity for KZN to have its own identity and unique services compared to one of our sister companies. Your partner in the IT world, we are a team of highly skilled and motivated individuals who specialize in providing information and communication technology support and services. Let us take care of all your business IT and telecommunication requirements to complement your companies vision and goals.

01

Why Us

At Gemini IT Solutions we still believe in the personal touch. From our first meeting to our after sale support and complementing services. We will be with you every step of the way.

02

Our Mission

Providing first class services and support while committing to deliver these services at a competitive rate, thus adding value to our client's IT investment.

03

Expansion And Growth

While we strive to build our prominent brand in this vital corporate industry, we promise to not grow outside of our means and neglect our existing client base.
